Bernie Daly Memorial Fund

Bernie Daly Memorial Fund together with Co-operative Young Leaders Program

The Co-operative Young Leaders Program has been a part of the Ontario agriculture co-operative system for more than 40 years and has proven to be a positive contributor to the development of young teens to becoming productive young adults.

One of Bernie's goals before he passed away was to find a way to provide more support to the growth of the Co-operative Young Leaders Program. Through the Bernie Daly Memorial Fund, he will be able to do just that.

Please help keep Bernie's name alive by supporting this very valuable program.

Our objective is to raise \$40,000 towards this fund.

The monies collected would provide a long-term pool to be used to help support youth that can not participate due to poor finances or lack of sponsorship. The funds could also be used to enhance the program through the purchase of new equipment or other program essentials.

If you would like to participate by contributing to the Bernie Daly Memorial Fund, please fill out the details below:
