

My name is Heather McQuade, I was born and raised in London, ON. I attended Fanshawe College here in London. I took many different courses. The first course I took was General Arts & Science. Being enrolled in this program was one of the best times of my lives. I learned so much about cultures, psychology, sociology; but most of all I learned a lot about myself. The next program I enrolled in at Fanshawe College was Social Service Worker Program, I always loved helping others and thought this program would go hand and hand with that. I also got my Medical Terminology Certificate. If I could I would be a career student, I love educating myself and able to educate others about the stuff was I taught.

I started my internship working for a Property Management Company called Homestarts. My position is Coordinator at a co-op. I recently am a Coordinator at Spirit of 1919 Housing Co-op. Some of my duties included; writing Manager's Reports, receiving housing charges, Book keeping and Cheque requisition, Maintaining member confidentially, Promotion and marketing skills as well as completing day to day tasks. One of the great things about my job it keeps me really busy and the day flies by. Overall this has been a really great experience.
